

Jamestown Basketball

March 15th, 2009

Dear Coach,

Spring greetings from Jamestown College! It is that time of year when coaches try to catch their breath from the season, recharge their batteries and look forward to spring and summer opportunities to develop their players and teams.

For the past 15 years I have been conducting satellite basketball camps in communities throughout Minnesota, North Dakota and South Dakota. In our satellite camps we have been able to provide a camp experience that is superior to what your players would have by attending an overnight camp at a large university. We have offered the camps to boys and girls grades 4-12 and can adjust our format to meet the needs of your school or program.

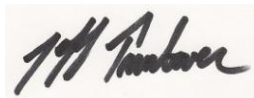

We take great pride in developing the fundamental skills of the game. In our camps we spend a great deal of time working on ball-handling, passing, shooting, finishing around the basket, breaking pressure, individual guard and post play, offensive and defensive concepts. To ensure that the campers enjoy the experience, we incorporate contests, 1 on 1, 3 on 3, fast-break and 5 on 5 games.

The camp is designed to be enjoyable and challenging. Our goal for the campers is for them to leave the gym better players than when they arrived but more importantly armed with the knowledge of how to continue their skill development throughout the summer.

One of the greatest advantages of hosting a satellite camp at your school is that it makes the camp experience available to all of your players at a fraction of the cost that large camps charge. Several pricing options are available and can be discussed by contacting me directly.

If you would like to discuss the possibility of bringing our staff to your school this summer, please contact me as soon as possible.

Sincerely,

Jeff Trumbauer
Men's Basketball Coach

What other coaches have to say about the Jamestown College satellite camps!

"Great camp...Coach Trumbauer and his staff do an excellent job getting the kids excited about the game and teaching the fundamentals...the Jimmie coaches are great to work with and are willing to go the extra mile for your program."

Bill Engle – Griggs County High School – Boy's Basketball Coach

"Coach Trumbauer and his staff have conducted summer camps for me at both Park Rapids and Norwood Young America. Jeff focuses on fundamentals which are essential for player development. He also stretches players into areas of individual growth. His insight and purpose in helping both boys and girls is outstanding. I highly recommend Jeff Trumbauer and his entire staff for any and or all summer camps."

Bill Dent – Norwood-Young America High School – Boy's Basketball Coach

"Coach Trumbauer and his staff tailored the camp to our needs and wants. They did an outstanding job of getting our kids motivated, and the things they taught really stuck with our kids. I heard things from our players throughout the season about learning this and that from the Jamestown coaches at camp. I would recommend any school to bring in Coach Trumbauer and his staff if they want a very organized and well-run local camp with great coaching."

Randy Loing – Rolla High School – Boy's Basketball Coach
